Let the background image extend to the white contact bar at the top

On this Home only, I'd like this logo bigger and just like you showed in on a previous version with it positioned down slightly so the blue horizontal line is where the thin white graphic line is now. Extend the blue line left and right to the extents of the page. In effect the logo will be creating that underline of the menu section

Delete the Purple Banner

Let's make the Menu text 10 - 20% larger

Let's try the #5c8097 color here

Ignore the lighter orange here, it came through that way when I made the snippet. It is correct as you have it

No "#" symbol needed

#3 Commercial and Government Constructions Projects Bidding Right now in the Pacific Northwest

It's Free

Change the white text in these two buttons to Color #5c8097

CONTRACTORS • SUBCONTRACTORS • SUPPLIERS • ESTIMATORS • MANUFACTURERS • ARCHITECTS • ENGINEERS • GOVERNMENTS

I would love to see the "Trusted Partners" section title show up at the bottom of this first screen, maybe with a couple of upside down carrots directing the eye down. These are paid advertisers so I don't want them to feel they are aren't being seen

Move everything up  
so this title is visible  
on the main landing  
page

I like this menu banner across the top for the other parts of the home page, I like how as you scroll down it appears at the top. Just increase the Menu text size here per previous comment

Change Purple background to RGB 26 63 86 and make the other watermark graphics more visible if needed

SERVICES

SERVICES WE PROVIDE

# Membership Features

## Targeted Daily Updates

Get notified of new projects bidding in your market every weekday.

## Bidding Information

Access all the project information you need to successfully bid projects.

## Projects Documents

Viewable and downloadable plans,specs,and agenda.
