Compañías de Mudanzas (Moving Companies):	**Moving Companies**
Mecánicos (Mechanics):	**Mechanics**
Dueños de Carga/Brokers de Carga (Cargo Owners/Cargo Brokers):	**Cargo Owners/Cargo Brokers**

- ## Transportadores (Carriers) :

Transportadores are entities that offer transportation services to move goods and cargo. They use various modes of transport like trucks, ships, or planes to transport goods from one location to another. They play a critical role in the logistics industry, ensuring the efficient movement of goods.

Registration form and their Feilds

TRANSPORTADORES

Nombre y Apellidos	First Name and Last Name	Nombre de Usuario de Cuenta	Account Username
			El nombre de Usuario, pude ser su correo electronico

Key Point of This User in Website:-

Role:- Trucker

Access Rule:- Transportadores' users don't have the authority to post the loads; they can only find and transport the loads posted by cargo owners or brokers.

☑ ~~Post Load~~
☐ **Find Loads**

Flow:- *Registration/ Login/ Find Loads*

When a user with the role of "Transportadores" is successfully registered and logged in, they will receive a registration confirmation email on the provided email address, containing their username and password. After logging in, they will be automatically redirected to the "My Account" page. In the top menu, they will find a dropdown menu labeled "My Account," where they can access various account-related options.

Within the "My Account" dropdown, they can find the "Find Loads" option, which allows them to search and view available loads posted by cargo owners or brokers. Additionally, there will be a "Find Loads" button available on the frontend slider section of the platform, allowing users to quickly access the load search functionality.

This setup ensures that Transportadores have easy access to load searching capabilities, both through the "My Account" dropdown and the prominent "Find Loads" button on the front end.

- ## Carga Liviana o Ligera (Intramunicipal)
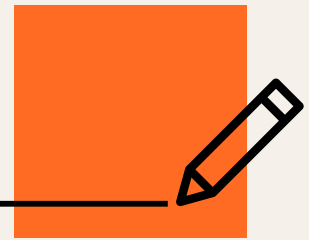

Suppliers have the authority to post the loads. Once registered, suppliers can access the platform's load posting feature, where they can create and publish load listings.

☐ **Post Loads**
☐ **Your Loads**

The registration and login process is the same for all users as well as transportadores (transporters). If you are logged in as a supplier, you can find these options in the "My Account" drop-down menu: "Post Loads" and "Your Loads.".

- ## Companias de Mudanzas (MovingCompanies)
- ## Duenos de Carge/Brokers de Carga (Freight Owners/Freight Brokers)
- ## Mechanicos (Mechanics)

- ## Trucker Registration Process :

Trucker Registration Process:

1. When a new user visits the website and clicks on the 'Register' button, they will be redirected to the general registration form. The URL for this page is: https://freightfinder.projects-codingbrains.com/register-user/

2. Alternatively, there is a specific button for truckers labeled 'Are you a trucker? Click Here.' If a user clicks on this button, they will be directed to the trucker registration page. The URL for this page is: https://freightfinder.projects-codingbrains.com/register-3/?lid=10

3. On the trucker registration page, users need to complete all the required fields to finalize their registration.

4. After successfully submitting the registration form, they will be automatically redirected to the login page.

5. On the login page, users can log in using the credentials they provided during registration.

This detailed description with URLs should provide users with a clear understanding of the registration process for both general users and truckers on your website.

- ## Trucker (Transportadores) Funtionality :

  Trucker Registration and Free Access Period:

- **Registration and Free Access:** When a user registers on your website with the trucker role, they receive 8 months of free access starting from their registration date.
- **Access to Features:** During this free access period, registered truckers can:
  - View available loads and listings.
  - Inquire about loads they're interested in.
  - Contact suppliers directly for potential partnerships.
- **Subscription Reminder:** As the 8-month free access period approaches its end, users receive a reminder email encouraging them to subscribe to a subscription plan to continue enjoying the platform's benefits.
- **Grace Period:** You've set a grace period after the 8 months, during which users can still access the platform while making a decision about subscribing.
- **Subscription Choice:** If users choose not to subscribe within the grace period, they will no longer have access to the benefits and features available to truckers.
- **Access to Loads and Subscription Redirect:** Without an active subscription, if a user attempts to click on any load or listing, they will be automatically redirected to the subscription plan page. This helps them understand that a subscription is required to continue accessing load details.
